Tie Breaker

1. If two teams are tied, the team that won in the head to head match up is the winner
2. In the case of a three or more team tie, the differential between points scored and points scored against will determine the winner.

A cap of 14 points per game played will be used towards a team's total points to determine a winner to eliminate the incentive to run up the score during competition.

3. If teams are still tied, the team that has the fewest points scored against will determine the winner.
4. All forfeits count as a loss and the winning team will record a winning score of 7-0. If a team that has a forfeit in their record is tied with another team(s), that team with the forfeit will automatically lose the tiebreaker.

Some teams may also play **back-to-back** games.

Schedule is subject to change. Check master score board at your venue for updates.
