COVID-19 Reopening Phase 3
Revised 7/23/20

Fore Kicks facilities are now re-opening within Phase 3 restrictions. Our indoor and outdoor fields and courts are available for rental & clinics with certain restrictions and social distancing depending on the sport and age levels. Please call our facilities for further information.

The following guidelines are in place to ensure a safe and enjoyable environment for all patrons and staff at Fore Kicks. They will be strictly enforced. Failure to do so can result in removal from premises or cancellation of rental agreement.

1. SPECTATORS are required to stay in their cars or drop off and pick up their participants. LIVEBARN viewing available remotely on all outdoor and indoor fields/courts.
2. BATHROOMS are for Fore Kicks indoor and outdoor participants only and are limited to 2 people at a time.
3. All TRASH must be removed from the area. Trash in/Trash out.
4. WATER fountains (inside) are off until further notice.
5. BENCHES have been removed from fields.
6. STATE guidelines regarding social distancing must be adhered to including no groups on fields or courts larger than 25 people with 20 feet separation between groups
7. FACE MASKS required at all times if closer than 6 feet and when not active on court/field, including entry and exit from the building, bathroom visits, etc.
8. SANITIZER STATIONS are available at entry to building and fields.
9. WHEN ACTIVITY IS OVER, players must leave building immediately. No gathering around inside or outside. Parents can pick-up outside front door
10. ENTRY and EXIT points are designated below.

WHAT WE ARE DOING…
We are committed to playing a proactive role to mitigate the spread of Covid-19 and will remain vigilant regarding procedural updates. We have cleaned and disinfected all our fields and public surfaces throughout our facilities to insure a safe environment once we reopen. Building projects, repairs and improvements have been completed. Sanitizer stations and acrylic shields have been setup and installed. Strict cleaning and sanitizing procedures are completed daily.

WHAT YOU CAN DO…
The single most effective way to combat the Coronavirus is to wash your hands with soap and water or sanitize with a 70-80% alcohol based sanitizer lotion. Practice social distancing and wear a face mask if inside within 6 feet of other people. If you or your child are sick, or have any symptoms, please self quarantine for at least 14 days!

Your support is necessary and will greatly aid us in providing a healthy environment for our facility and community. Thank you!
