

We are excited to share that Williams College will be hosting a Level 1 Young Athletes program this 2021 fall season in Williamstown, MA!

Young Athletes (Level 1) is an introductory sport and play program for children with and without intellectual disabilities ages 2-7, focusing on fun activities that aid in the development of early motor skills such as running, jumping, balancing, kicking, throwing and locomotor movements.

Young Athletes offers families, teachers, caregivers and people from the community the chance to share the joy of sports with all children.

Children of all abilities take part and they all benefit!

Based on the guidelines from Special Olympics and Williams College, we are requiring all volunteers, families and athletes to wear masks during the program at this time.
