

We are excited to share that we are hosting a Level 1 Young Athletes program this 2021 fall season in Salem, MA!

Young Athletes (Level 1) is an introductory sport and play program for children with and without intellectual disabilities ages 2-7, focusing on fun activities that aid in the development of early motor skills such as running, jumping, balancing, kicking, throwing and locomotor movements.

Young Athletes offers families, teachers, caregivers and people from the community the chance to share the joy of sports with all children. Children of all abilities take part and they all benefit!

We will plan to have enough volunteers to pair up 1:1 with the athletes. Per the guidelines we are following, we do ask parents and volunteers to wear masks at all times. We also strongly encourage masks for the participating athletes.
